

Safety Data Sheet

Product Name: Maxim Multi-Purpose Repair Panels

Product identifier: 100828

Revision Date: 08-18-2016

Replaces:

1. Identification

Product identifier used on the label:

Product Name: Maxim Multi-Purpose Repair Panels

Product identifier: 100828

Other means of identification

Synonyms: No data available

Recommended use of the chemical and restrictions on use: Plastic Repair and vibration/sound dampening

Name, address, and telephone number of the chemical manufacturer, importer, or other responsible party

Chemical Manufacturer /
Importer / Distributor: ITW Evercoat
a division of Illinois Tool Works Inc.
6600 Cornell Road
Cincinnati, OH 45242
513-489-7600

Emergency phone number: CHEMTREC: 1-800-424-9300
CANUTEC: 1-613-996-6666

2. Hazard(s) identification

Classification of the chemical in accordance with paragraph (d) of §1910.1200;

GHS Classification: Not classified as hazardous under GHS

GHS Hazard Statements: No hazard statements required

Hazards not otherwise classified: No data available

3. Composition/information on ingredients

Chemical Component:	CAS number and other unique identifiers	% (or range) of ingredient
No Hazardous Ingredients		

The specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

Safety Data Sheet

Product Name: Maxim Multi-Purpose Repair Panels

Product identifier: 100828

Revision Date: 08-18-2016

Replaces:

4. First-aid measures

Description of necessary measures, subdivided according to the different routes of exposure, i.e., inhalation, skin and eye contact, and ingestion:

Eye Contact: None expected to be needed, however, use an eye wash to remove a chemical from your eye regardless of the level of hazard. Material may adhere to the eye. Remove with care. Flush eyes gently with water for at least 15 minutes, lifting upper & lower eye lids. Seek medical advice if symptoms persist

Skin Contact: Wash with soap and water. Remove material from skin immediately by washing with soap and plenty of water. Wash affected area thoroughly with soap and water. Individuals who show symptoms of an allergic reaction or sensitization should seek medical attention and should avoid further contact with this product.

Inhalation: This material does not present a hazard if inhaled. Remove individual to fresh air after an airborne exposure if any symptoms develop, as a precautionary measure.

Ingestion: No hazard in normal industrial use. Do not induce vomiting. Seek medical attention if symptoms develop. Provide medical care provider with this MSDS.

Most important symptoms/effects, acute and delayed:

Most important symptoms/effects (Acute): No data available

Most important symptoms/effects (Delayed): No data available

Indication of immediate medical attention and special treatment needed, if necessary: No additional first aid information available

5. Fire-fighting measures

Suitable (and unsuitable) extinguishing media:

Suitable extinguishing media: Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do Not direct a stream of water into the hot burning liquid. Regular foam Carbon dioxide Dry chemical

Unsuitable extinguishing media: No data available

Specific hazards arising from the chemical (e.g., nature of any hazardous combustion products):

Fire and/or Explosion Hazards: Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire. This material is not

Safety Data Sheet

Product Name: Maxim Multi-Purpose Repair Panels

Product identifier: 100828

Revision Date: 08-18-2016

Replaces:

Hazardous Combustion Products:

considered flammable or combustible, but will burn if involved in a fire.

Carbon dioxide, Carbon monoxide, Hydrocarbons

Special protective equipment and precautions for fire-fighters:

Do not enter fire area without proper protection including self-contained breathing apparatus and full protective equipment. Wear a self contained breathing apparatus (NIOSH approved) with a full face piece operated in the positive pressure demand mode with appropriate turn-out gear and chemical resistant personal protective equipment.

6. Accidental release measures

Personal precautions, protective equipment, and emergency procedures:
Methods and materials for containment and cleaning up:

No adverse health affects expected from the clean-up of spilled material. Follow personal protective equipment recommendations found in Section VIII of this MSDS.

No special spill clean-up considerations. Collect and discard in regular trash. Recover material and place into suitable container. Dispose in accordance with current federal, state and local regulations.

7. Handling and storage

Precautions for safe handling:

No special handling instructions due to toxicity. No special handling requirements

Conditions for safe storage, including any incompatibilities

Conditions for safe storage:

Store in a cool dry place. Isolate from incompatible materials. No special storage requirements

Materials to Avoid/Chemical Incompatibility:

Strong oxidizing agents

8. Exposure controls/personal protection

OSHA permissible exposure limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available:

Chemical Component	OSHA PEL	ACGIH TLV-TWA	ACGIH STEL
No data available	No data available	No data available	No data available

Appropriate engineering controls:

No exposure limits exist for the constituents of this product. No engineering controls are likely to be required to maintain operator comfort under normal conditions of use. No special ventilation requirements

Individual protection measures, such as personal protective equipment:

Safety Data Sheet

Product Name: Maxim Multi-Purpose Repair Panels

Product identifier: 100828

Revision Date: 08-18-2016

Replaces:

Eye Protection:	No special requirements under normal industrial use. The use of safety glasses is not required; however, it is a good industrial practice.
Skin Protection:	Not normally considered a skin hazard. Where use can result in skin contact, practice good personal hygiene. Wash hands and other exposed areas with mild soap and water before eating, drinking, and when leaving work. Cotton or other cloth gloves
Respiratory Protection:	No respiratory protection required under normal conditions of use.
Other Protective Equipment:	The use of safety glasses is not required; however, it is a good industrial practice. Cotton or other cloth gloves

9. Physical and chemical properties

Appearance (physical state, color, etc.):

Appearance (physical state):

Solid

Color:

No data available

Odor:

No respiratory protection is ordinarily required under normal conditions of use.

Odor threshold:

No data available

pH:

No data available

Melting Point/Freezing Point (°C):

No data available

Initial Boiling Point and Boiling Range (°C):

1000

Flash Point (°C):

No data available

Evaporation Rate:

No data available

Flammability (solid, gas):

No data available

Upper/lower flammability or explosive limits:

Upper Flammable/Explosive Limit (%):

No data available

Lower Flammable/Explosive Limit (%):

No data available

Vapor Pressure:

No data available

Vapor Density:

No data available

Relative Density:

1.3

Solubility(ies):

Insoluble

Partition coefficient: n-octanol/water:

1.36

Auto-ignition Temperature (°C):

No data available

Decomposition Temperature:

No data available

Viscosity:

No data available

10. Stability and reactivity

Reactivity:

No data available

Chemical stability:

Stable under normal conditions.

Possibility of hazardous reactions:

No data available

Conditions to avoid (e.g., static

Temperatures above the high flash point of this combustible

Replaces:

discharge, shock, or vibration):	material in combination with sparks, open flames, or other sources of ignition. Contamination
Incompatible materials:	Strong oxidizing agents
Hazardous decomposition products:	Hydrocarbons Carbon monoxide Carbon dioxide

11. Toxicological information

Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact): Inhalation, Skin contact, Eye contact

Symptoms related to the physical, chemical and toxicological characteristics: No data available

Delayed and immediate effects and also chronic effects from short- and long-term exposure:

Immediate (Acute) Health Effects by Route of Exposure:

Inhalation Irritation: No hazard in normal industrial use. This product has low volatility. Aerosols or vapors formed at high temperatures may be irritating.

No hazard in normal industrial use.

Inhalation Toxicity: Harmful! Can cause systemic damage (see "Target Organs")

Skin Contact: No hazard in normal industrial use.

Skin Absorption: No absorption hazard in normal industrial use. Causes skin irritation. May cause allergic reactions or sensitization in susceptible individuals.

Eye Contact: No hazard in normal industrial use. May irritate or scratch the eye if the material comes into direct contact

Ingestion Irritation: No hazard in normal industrial use. No hazard in normal industrial use.

Ingestion Toxicity: Harmful if swallowed. May cause systemic poisoning.

Long-Term (Chronic) Health Effects:

Carcinogenicity: None of the substances have been shown to cause cancer in long term animal studies. Not a carcinogen according to NTP, IARC, or OSHA.

Reproductive and Developmental Toxicity: No data available to indicate product or any components present at greater than 0.1% may cause birth defects.

Mutagenicity: No data available to indicate product or any components present at greater than 0.1% is mutagenic or genotoxic.

Inhalation: Upon prolonged and/or repeated exposure, no hazard in normal industrial use.
Upon prolonged and/or repeated exposure, no hazard in normal industrial use.
Harmful! Can cause systemic damage upon prolonged and/or repeated exposure (see "Target Organs")

Skin Contact: Unlikely to cause irritation even on repeated contact.

Skin Absorption: Upon prolonged or repeated exposure, no hazard in normal industrial use.

Numerical measures of toxicity (such as acute toxicity estimates)

Component Toxicology Data

Chemical Component	Oral LD50	Dermal LD50	Inhalation LC50
No data available			

Whether the hazardous chemical is listed in the National Toxicology Program (NTP) Report on Carcinogens (latest edition) or has been found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs (latest edition), or by OSHA

Chemical Name	OSHA Carcinogen	IARC Carcinogen	NTP Carcinogen
No data available	N	N	N

12. Ecological information

Ecotoxicity (aquatic and terrestrial, where available):

This material is not expected to be harmful to the ecology. This compound contains no volatile ingredients and is not soluble in water and, as such, is not expected to present any threat to air or water quality in normal use. See section 13 for disposal concerns for damaged or unwanted material.

Persistence and degradability:

No data available

Bioaccumulative potential:

No data

Mobility in soil:

No data available

Other adverse effects (such as hazardous to the ozone layer):

No data available

Ecological Toxicity Data

Chemical Component	Aquatic EC50 Crustacea	Aquatic ERC50 Algae	Aquatic LC50 Fish
No data available			

13. Disposal considerations

Description of waste residues and information on their safe handling and methods of disposal, including the disposal of any contaminated packaging

Description of waste residues:

Spent or discarded material is non-hazardous according to environmental regulations.

Safe Handling of Waste:

Disposal must be in accordance with applicable Federal, State/Provincial and Local regulations.

Waste treatment methods (including packaging):

Dispose of in a landfill. Disposal is not likely to be regulated.

Waste Disposal Code(s):

EPA NON-RCRA

14. Transport information

UN number: No data available
UN proper shipping name: Not Regulated
Transport hazard class(es): No data available
Packing group: No data available

The shipper is responsible for following all applicable regulations. The transportation classification provided is based on ITW Evercoat original packaging, which is suitable for domestic ground transport only.

15. Regulatory information

Safety, health and environmental regulations specific for the product in question

TSCA Status: The intentional ingredients of this product are listed.

Regulated Components

Chemical Component	CAS number and other unique identifiers	CERCLA	SARA EHS	SARA 313	California Prop 65
No data available		N	N	N	N

16. Other information, including date of preparation or last revision.

Revision Date: 08-18-2016

Revision Number: 9
