

PRODUCT: MAXIM™ Multi-Fix Plastic Repair

PART NUMBER: 100898 250mL Cartridge 6 units/case

DESCRIPTION: Maxim Multi-Fix plastic repair is a two component epoxy repair material that provides speed, incredible strength and sandability. This fast-setting epoxy simplifies the plastic repair process by eliminating substrate identification and adhesion promoter on most plastics. Multi-Fix is ideal for fixing tears, nicks and gouges in plastic parts and other quick fix applications. Can also be applied over Maxim™ Medium Urethane Adhesive 100885, Maxim™ Fast Urethane Adhesive 100887, and Maxim™ Super Fast Urethane Adhesive 100886 as a finishing material.

PREPARATION: Wash repair areas with soap and warm water. Allow to thoroughly dry. Compressed air or heat may be applied to accelerate dry time. Use an All-Purpose Cleaning Solvent on a clean, lint-free cloth and wipe the repair area (Wipe from the center of the repair area to the outside). Sand the repair with 80 grit sandpaper and featheredge the paint with 180 grit. Remove sanding dust with clean compressed air.
** For Olefin type plastics (PP, TPO, TEO) adhesion promoter can be used for optimum adhesion and performance.*

APPLICATION: Apply Maxim™ Multi-Fix Plastic Repair to the repair area. Allow approximately 30 minutes. Sand to contour with 80 grit sandpaper; finish with 180 grit sandpaper. Apply primer surfacer according to paint manufacturer's recommendations.

TECHNICAL SPECIFICATIONS:

▪ Appearance	Dark Gray Paste
▪ VOC	Refer to Section 9 of the Safety Data Sheet
▪ Working Time	4-6 minutes @ 72°F/22°C)
▪ Sanding Time	20-30 minutes
▪ Paint Time	After sanding
▪ Full Cure	4 hours

NOTE: Properties are typical values and should not be considered as sales specifications. Physical testing performed @ ~72°F (22°C) / 75% RH unless otherwise noted.

SAFETY & HANDLING:

For professional use only, read all directions and warnings prior to using Evercoat® products. Keep cartridge closed and store in a cool dry place.

Safety Data Sheets can be found online at evercoat.com.
