THE SOLUTION FOR YOUR NEED FOR SPEED IN COLLISION REPAIR!

Evercoat® Light Speed™ System

Light Speed™ Optex® Premium Body Filler is the world's best sanding dual cure filler offering unparalleled sanding qualities as a result of the Evercoat patented EcoResin™ technology. As an important product in the Light Speed system, the body filler can be cured on demand in 3 minutes with the Light Speed LED lamp. The filler also features patent pending color-change technology in which the body filler optically transitions from pink to a light gray-green when it's ready to sand.

- ▶ Dual cure: cures with ultra-fast Light Speed LED lamp or traditional catalyzation
- ▶ Ready to sand in just 3 minutes when cured with Light Speed LED lamp
- ▶ Uses patent pending color-changing technology
- ▶ Spreads easy and virtually eliminates micro-pinholes
- ▶ Superior sanding thanks to **ECO RESIN** technology
- ▶ Can be applied directly over sanded OEM paint
- ▶ Meets 500 hour corrosion resistance (ASTM B117)

Light Speed® UV Cure Primer Surfacer is a 1K, ready-to-spray polyester primer surfacer. It delivers high build & cures ultra fast in just 5 minutes, with industry-leading filling & leveling. Pair with Light Speed® Optex Premium Lightweight Filler for Evercoat's most premium duo.

- ▶ Cures with ultra-fast Light Speed LED lamp in 5 minutes
- ▶ Sands easily
- ▶ High build
- ▶ No shrinkage
- ▶ Passes 500 hours in salt spray tests (ASTM B117)
- ▶ STIRWELL

Evercoat **LIGHT SPEED**™ System uses LED curing to reduce time to sand, improving cycle time and throughput.

Better Together.
